

## Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact [support@jstor.org](mailto:support@jstor.org).

## DIVISION OF VENEREAL DISEASES, JUNE, 1920.

The accompanying table shows that during the month of June, 1920, 25,450 cases of venereal diseases were reported to the State boards of health by physicians, clinicians, hospital superintendents, etc., and that there were 12,149 new admissions to the clinics operating under the joint control of the United States Public Health Service and the State boards of health.

There were 30,730 doses of arsphenamine administered during the month.

The reports from four States were received too late to be included.

*Venereal disease reports for June, 1920: Number of cases reported by the State boards of health, number of admissions to the venereal-disease clinics operating under joint control of United States Public Health Service and State boards of health, and number of treatments of arsphenamine administered.*

State	Cases reported.				Admissions to clinics.				Arsphenamine treatments administered.
	Total cases.	Gonorrhea.	Syphilis.	Chan-croid.	Total admissions.	Gonorrhea.	Syphi-lis.	Chan-croid.
